

Знаки фонетической транскрипции

Аннотация

Транскрипция - это специальные символы, обозначающие реально произносимые звуки речи. Необходимость овладения транскрипцией обусловлена расхождением между написанием и произношением в английском языке. Существует большое количество слов, имеющих либо нечитаемые буквы, либо исключения из правил. Недаром говорят: "Тишется Лондон - читай Ливерпуль". В английской произносительной системе - 48 звуков, следовательно, существует 48 транскрипционных значков.
